Legion to retire U.S. Flags

Disposal ceremony takes place Friday

FOLEY – As part of honoring Flag Day, the Foley American Legion Post No. 298 will be conducting a flag disposal ceremony at 6 p.m. Friday, June 14. Anyone with flags which need to be retired are welcome to drop the items off at the Legion Club any time prior to

Flag Day is celebrated each June 14 and commemorates the adoption of the United States Flag on June 14, 1777.

Common flag etiquette states that flags should be clean and mended when necessary. When the flag is worn and no longer fit to serve as a symbol of the country, flags should be destroyed by burning in a dignified manner, such as the Legion post's ceremony.

According to http://usflag.org, other outdoor display etiquette for U.S. flags includes:

- When the flag is displayed from a staff projecting from a window, balcony or building, the union should be at the peak of the

staff unless the flag is at half staff. When the flag is displayed from the same flagpole with another flag - of a state, community, society or Scout unit - the U.S.

flag must always be at the top. - When the flag is displayed over a street, it should be hung vertically, with the union to the north or east. If the flag is suspended over a sidewalk, the flag's union should be farthest from the building.

- When flown with flags of states, communities or societies on separate flag poles which are of the same height and in a straight line, the U.S. flag is always placed in the position of honor - to its own right or the far left of an observer. The other flags may be smaller but none may be larger. No other flag ever should be placed above it. The flag of the United States is always the first flag raised and the last to be lowered.
