

To whom it may concern,

The Clara City Herald has been making ads for me for over 4 years now. The work Billie Jo does for my stores has resulted in increased sales. I own 3 grocery stores, and she by far and away adds the extra details to make our ads unique. She is my go to graphic designs/ ad maker. They are always creative, and trendy. The direct result of her ads are increased sales, and customer excitement. We are always excited to work with her and the Clara City Herald!

Thanks, Brett Almich
