# BHS spring coaches wait on decisions, hope for opportunity to play

By Micah Friez mfriez@bemidjipio BEMIDII - So what do we do

BEMIDJI — So what do we do? In response to the corona-virus pandemic, the Minne-sota State High School League on Wednesday pushed back the start of the spring sports sea-son to May 5. At least. That means empty fields, quiet stands and unworn jer-seys that stay tucked in the closet for at least another month and a half. Coaches at Bemidji High School are play-ing the waiting game for now, and that's about all that's left to do as the fate of spring sports hangs in limbo. "It's really up in the air," boys golf coach Seth Knudson said. "It's hard because nobody really knows what's going to barnen We don't knowit we're

and trying to figure out what's best for their program." The BHS coaches are try-ing to prepare athletes for the possibility of a season, but, like most every other challenge caused by COVID-19, here are obstacles to overcome. Until at least May 5, coaches aren't allowed to have in-per-son contact with their ath-letes, per MSHSL rules. They can't require or even suggest group practices, and they can't require individual workouts or training. The league's guidetraining. The league's guide-lines allow for communica-tion through technology and optional individual workouts, but that's hardly a substitute for schedules full of red X's

Just so much unknown, that s the hard part." "Wait and see" If teams do eventually get the green light, the coaches kicked out possible solutions — such as a shortened regular season. Any season would be better than no season, new girls golf coach Tina Offerdahl said. "If's the extracurricular part of it, it's the socialization part port can't really push the limit." Without inside informa-tion or anything other than a gut feeling, the mood among sports season won't happen, here's still hope, but many admitted it's impossible to predict a future that doesn't have a blueprint from the past. "We're going to have to live with whatever decisions they make," baseball coach Mike

So far, the league has operated in accordance with direction from Gov. Tim Walz and the Centers for Disease Control, and that's not likely to change moving forward.

MLB Commissioner hopes to be 'gearing back up' in May

By Betsy Helfand St. Paul Pioneer Press ST. PAUL — Speaking to ESPN in one of his first interviews since play was suspended earlier this month, Major League Baseball Commissioner Rob Manfred expressed hope Wednesday, March 25, that players could begin preparing for a new season as early as May. While Manfred said a full 162-game schedule "probably not" hap-pening, he vowed to be creative in thinking about how they could accom-bigh the cool of playing
