In Memory

Dear Sandee,
I am sending a dove to heaven, with a parcel on it's wings. Be careful when you open it, it's filled with wonderful things.

Inside are a million kisses, wrapped up in a million hugs, to say how much I miss you, and to send you all my love.

I hold you close within my heart, and there you will remain, to walk with me throughout my life, until we meet again.
Love, Royal

For my Dad (Harvey Kliber) in Heaven They say there is a reason, they say time will heal. Neither time or reason, will change the way I feel. Gone are the days we used to share, but in my heart you are always there. The gates of memories will never close, I miss you more than anybody knows.
Love and miss you everyday,
Loving daughter Tammy,
Son-in-law Joe and Grandchildren Ben and Nora

In Loving Memory of
Harvey Kliber

October 11, 2018

The first time I saw you in eighth grade study hall, I knew I wanted to share the rest of my life with you. Without question or a second thought, I knew you were the man for me. We sure had a lot of fun together. Even though the years have dealt us their share of ups and downs, I am so glad we both stayed committed to each other; growing, sharing, giving, caring, and solidifying our relationship with an unbreakable bond. I treasure the very precious times we spent reminiscing about our 40+ years together; reading the beautiful book (Jesus Calling) with both of us feeling the comforting words from each page, our tears like a faucet, and many warm hugs shared with each other. My dear husband Harvey, you were the most courageous and bravest person I have ever met. I thank you for picking me for your wife and for having the most amazing beautiful daughter together. Each night I shed many tears as I speak to you in prayer. I love and miss you so very much. I knew it was going to be sad, but I didn't know it was going to be this sad without you by my side. I know you are in Heaven enjoying everything and still keeping watch over all of us with your love. You are loved and missed beyond words. Your loving wife Diana

One year has passed since you went to heaven. The time has gone by quickly. The courage you showed in your 12-year cancer battle was an inspiration to us. The Star News, a community newspaper in Elk River, located 35 miles northwest of Minneapolis, Minn., that covers four high schools and an active sports and leisure community for its print and electronic editions, is looking for a full-time sports reporter.

Qualified candidates will have previous experience reporting on sports, and be able to manage a busy workload of game coverage, feature stories as well as non-traditional sports and some news coverage.

One of *my* favorite monster movies is called **The Mysterious Island**. Some people escape a battle by jumping into a hot air balloon and sailing off into the sky. They land on a hidden island. It is full of danger and mystery. The best part is that there are **giant crabs**.

Monsters! We find them in books, movies and stories. We even make up monsters to scare one another – and ourselves. Why do we like monsters?
Most people like to be scared a little bit, so we enjoy the idea of monsters. Since we use our imaginations to create monsters, we know they're not real. When we want to scare each other, we make up monsters that are waiting under beds, living in closets or smashing buildings.
Some people believe that we have real "monsters" on our planet. Huge whales, giant snakes or piranha fish that attack humans are sometimes called monsters. They are actual animals that frighten us. When we run into one of these animals, we should be truly frightened!

It does exist!

Read the clues to fill in the puzzle with monsters that are "real" and ones that are made up for a bit of spooky fun.

Monsters that are not real (Fictional) – Across

- spooky creature that hides in your closet or under your bed
- a man that transforms into a beast when the moon is full
- a dancing _____ clattering its bones on the dance floor
- blood-sucking monster that cannot stand the light of the sun
- a fire-breathing _____; winged, scaled monster that lays eggs
- evil creature that is shorter than a person; has ugly green face
- enormous reptile-like creature that terrorizes streets of Japan

Real or Not Real?

Real "Monsters" (Non-Fictional) - Down

- the giant _____ is a flying rodent with wingspan of 5 feet
- dead person wrapped in cloth
- the killer _____ is a water-based mammal
- giant _____ is a tentacled sea creature that can grow over 40 feet long
- toothy, meat eating fish, known for their feeding frenzy
- one of longest reptiles in world, these serpents can grow to 20 feet long
- a _____ monster is a venomous lizard that is very slow moving

Monster Jokes

- How do you greet a two-headed monster?
- Why did the night monster eat a lightbulb?

Monster In The Closet!

There are lots of stories about monsters under the bed or in the closet. Do you think they are real or made up to scare little brothers and sisters? **Color this in to see:**

P = Purple
B = Blue
