"We bought and sold with Nick. He found exactly what we were looking for, and explained how a bridge loan would allow us to buy the new house we wanted before our house came on the market. But he told us, "I can sell your house".

The house we purchased had multiple offers. Nick helped put our bid together. Then he had an ambitious plan to get our house ready for sale. Nick and his wife Kia had an idea of what our interior should look like. When our listing was posted online we were amazed by the transformation. We received a great offer within a week.

Having Nick as our agent has worked out very well. He has an interest in what he's doing, and was patient answering all of our questions. He's personable, and he hears what you have to say. He's quick to answer our calls or texts, and more than once came over with his pickup and trailer to help with the moving process. And now our new house is perfect for us. Thank you, Nick."

"Nick was great to work with from start to finish. He did a great job of hiring a photographer to take pictures of our existing home in the selling process, which attracted lots of potential buyers.

Nick is clear and concise with his communication, he is always available to answer questions, and he is knowledgeable about the market. Nick was always able to work quickly to get us to showings on homes we wanted to see, and was engaged and excited for us throughout the process.

Nick was great to work with and I highly recommend him for anyone looking for a realtor in Detroit Lakes or surrounding areas!"
