Alexis was born and raised in the heart of Minnesota's Land of 10,000 Lakes. After receiving a degree in Communication with specialties in Business and Advertising from St. Louis University, she returned home with a renewed appreciation for her Northern Minnesota lifestyle, community, and natural beauty. Being raised in Park Rapids and now having put her roots down in Detroit Lakes provides her with a unique knowledge and perspective of all the area has to offer. Her strong foundation of loyal customers and their referrals is one reason Alexis has been so successful in this incredibly competitive real estate industry. To put it simply, she is trusted.

"The best part of my job is the satisfaction in helping people move to the next chapter of their lives. Whether it's buying a first house, selling a beloved family home, purchasing a dream vacation get-away or relocating across town, I am committed to providing my clients with a comfortable experience." - **Alexis**
