

St. Paul man dies in I-94 rollover crash

JEFFREY HAGE
MONTICELLO TIMES

A St. Paul man died as a result of a two-vehicle rollover crash Friday, April 16 on Interstate 94 in Monticello.

Matthew Miller, 37, of St. Paul, was eastbound on I-94 when his Dodge Ram pick-up collided with an eastbound Nissan Rogue driven by Reed Engel, 38, of Maple Grove.

As a result of the collision, Miller lost control of his vehicle, causing the truck to roll over, according to the Minnesota State Patrol.

Initial Reports were that the Miller was ejected through a window of his truck. The State Patrol reported that the man was not wearing a seatbelt.

Engel, who was wearing a seat belt, was not injured. However, A State Trooper, two

paramedics, and a Camping World employee with emergency services experience worked feverishly along the shoulder of the highway to provide unsuccessful life-saving measures to the victim.

A CentraCare ambulance took the victim to a LifeLink helicopter that was waiting at a landing zone away from the crash scene. However, the State Patrol reports that Miller did not receive care at a hospital.

The crash occurred at about 10:40 a.m. on the interstate adjacent to the Camping World complex.

The Wright County Sheriff's Office, Monticello Fire Department and MnDOT also assisted the State Patrol at the scene.

Road conditions were dry at the time of the crash. The State Patrol noted in its report that it was unknown if alcohol was a factor in Miller crashing.
