## Moorhead, Fargo-Davies, top boys hockey

Panzer honored for surpassing 100 career points

Green Wave boys hockey season record fell to 5-9 last week after the boys lost games to Moorhead 8-2 and Fargo-Davies 5-0.

Tuesday evening in Moorhead scored six straight goals before Jaksen Panzer cut the deficit to four goals with two tallies in the final minute of the second period.

"Obviously Moorhead is very good. We knew it. Maybe better than we thought they were," says Green Wave Head Coach

Tyler Palmiscno. "They're top line that got seven of the goals, we just never had to answer for them."

Thursday night at home the task didn't get any easier as Fargo-Davies, one of the top teams in the EDC came to town. The game started on a good note when Panzer was recognized for having surpassed the 100 career point milestone in the January 8, game against Gentry Academy. After that things started to go down hill. Fargo scored two goals twenty seconds apart in the first and two in the second and added their final in the third period.

"I thought Fargo had a really nice team. We knew it. We beat them last year in their rank and they cer-

tainly remembered that," says Coach Palmiscno. "At times we played okay. And when we made a mistake they made us pay. Hopefully we start learning for some of these mistakes."

## Eagle Girls fall to Ponies and Patriots

Sacred Heart girls basketball came up short against Warren-Alvarado-Oslo 84-28 and Win-E-Mac 50-43 last week. The losses extend their losing streak to nine games and puts their season record at 1-10.

The Eagles have had trouble in the offensive zone since losing their top scorer, Grace Vonesh to injury in December.

"We lost a big piece with Grace Vonesh going down, She was our leading scorer," says Eagles Head Coach Michael Mathison. "We challenged the girls and said, who's up next, who's gonna take the initiative to find a way to get that ball in the hoop."

Tuesday night in Warren they did not find the answer as the Ponies led 50-14 at the break.

"They are a good team, a well coached team and you

know they pressure the ball well," says Coach Mathison. "We struggled with that, we struggled taking care of the ball and finding a way to break it."

Isabel Vonesh led the Eagles offensively with 9 points.

Friday night Sacred Heart was more successful finding the basket and led 23-22 at the break.

The Patriots came out in the second half and put up 28 points while the Eagles struggled from the charity line going 6 for 14 in the second half.

"We got the open shots, and it's just going to come down to making a couple more of those," says Coach Mathison. "We struggled from the free throw line a little bit. We're very close. And you know, like I said, a couple more of those buckets go in and we make a couple more free throws, I believe we're on the other end of that outcome. So

there is hope and the best thing is that we are improving every week."

## Girls hockey end week on a high note

Green Wave girls hockey splits its games this week falling to Fargo-Davies 8-0 and then topping Grand Forks 4-2 to end the week with a season record of 4-8.

Tuesday night the Green Wave traveled to Fargo. With just over a minute elapses the Eagles were up 2-0 and by games end had scored eight times on 43 shots while limiting the Green Wave to 10 shots.

Green Wave Head Coach Brian Larson didn't mince words when asked his thoughts on the game, "You go down to play good team and you don't put in your best effort. Obviously things turn bad right away. They scored first two shifts. We just never got going. I don't think we're ever ready to go. Which is kind of a disappointment. You always want

to put your best effort in and I don't think we gave it."

Friday night it looked like Déjà vu when the Green Wave found themselves trailing 2-0 six minutes into the second period. This time the Wave answered. Kara Ellis made it 2-1 going into the second period and then three third period goals from Blake Schultz, Ellis and Maggey Plante lifted the Green Wave to a 4-2 win. The win put the teams in a tie for the first-annual Hockey World Border Battle trophy which Grand Forks would win in a post-game shoot out.

"We were down by two which meant we were down by four in total goals as far as the little trophy that we're playing for," says Coach Larson. "I told the girls I gave them a lot of credit for coming back. They could easily just said Ah,

here we go again. But we fought back and it was it was nice to see."
