

HUSKIES PICK UP WIN NO. 23

The Jackson County Central volleyball team swept Fairmont Monday for its 23rd win of the season.

Story, B1

County board takes a stand on the Second **Amendment**

by JOSHUA SCHUETZ Staff Writer

The Jackson County **Board of Commissioners** on Tuesday approved a resolution stating the county will protect its citizens' Second Amendment rights and declaring Jackson County a "Second Amendment Dedicated County.'

The action comes two months after commissioners declined to act on a similar resolution, citing a fear of politicizing the board.

The resolution presented Tuesday by board mem-

ber Phil Nasby and approved on a unanimous vote is a revised version of the original. The revised

resolution

Phil Nasby

removed language commissioners felt would require them to go beyond the scope of their authority with respect to state and federal law.

The resolution was first introduced by members of the Jackson County Second Amendment Group, a local citizens' organization dedicated to protecting gun rights. The original version of the resolution was earlier approved by councils in Jackson, Lakefield, Okabena and Alpha.

In other action from Tuesday's board meeting:

A NEW LO

Author duo who once lamented devastation of cemetery marvel at its restoration

> by JOSHUA SCHUETZ Staff Writer

Five years ago, two Minnesota authors lamented the destruction done at Jackson County's Loon Lake Cemetery.

Earlier this month, they See **NEW LOOK** on **A3**

Authors Dennis Waskul (third from left) and Michele Waskul (second from left), along with their daughter, Mikayla Waskul (left), gather with members of the **Loon Lake Cemetery Restoration and Preservation** Committee, including Allen Weinzetl (from right), Teresa Chonko, Bill Hanson, Mary Chonko and Mark Guritz, following a recent visit to the cemetery.

Local banks cool on proposed IRS tracking

by JOSHUA SCHUETZ Staff Writer

A recent proposal by the Internal Revenue Service to increase monitoring of most Americans' bank accounts has caused turmoil on Capitol Hill, public outrage across the country and concern among local bankers.

Under the policy, which is included as part of President Joe Biden's proposed American Families Plan, banks would be required to submit reports on any account with a balance in excess of \$600 or with transactions totaling more than \$600 over the course of a year. While federal officials — including U.S. Treasury Secretary Janet Yellen — have said the goal of the policy is to prevent tax fraud by wealthy individuals, Republicans along with some Democrats — countered the proposal would significantly impair Americans' financial privacy.

That's the view taken by local banks.

Paul Meium, president of Farmers and Merchants State Bank of Alpha, said the proposal would affect just about every account at his bank — and in the country, for that matter.

"I can understand wanting reports when you have \$10,000 in currency transactions, but the \$600 threshold would mean tracking virtually every account," he said. "I think it would end up including a lot of people in those reports who do not need to be included."

One major concern for Meium is the policy could lead people without bank accounts to not secure their money, leading them to miss out on interest and other benefits provided by banks.

.....\$30.00/year Advertising/News Policy

The policy of the Jackson County Pilot in ascertaining what is advertising and what is news, is based on one simple test: If an individual, business, club, church or organization charges for admission to an event, for an item, service, etc., it will be considered advertising. In other words, "If you charge, we charge." Advertising is the lifeblood of a newspaper, and without it, a newspaper would cease to exist.

DEATHS

Buchan. She was baptized and confirmed in the Alpha Presbyterian Church. She attended Disson, 90, of trict 56 country school in Jay Township and graduated from Sherburn High ta will be School and Mankato State University. On July 20, 1952, she was united in marriage to T. Duane Erickson at Alpha, MN and they lived in Karlsruhe, Germany, then on a farm near Armstrong, IA, before moving and living on

two farms in the Sherburn

area.

The Lord provided Beulah the gift to teach. She spent her career as a school teacher, teaching in Worthington, MN, Armstrong, IA, and Sherburn, MN. She retired from teaching in 1992 after teaching for 30 years in Sherburn. She was a member of the local Teacher's Associations as well as the Minnesota and National Associations. She also belonged to the Minnesota Reading Council. One of the highlights of her teaching career was being named District Teacher of the Year as well as the nominee for Minnesota Teacher of the Year in 1978.

Beulah's faith was an important part of her life. After the closing of the Presbyterian Church of Alpha, in which she was both confirmed and married, she continued her journey of faith as

an active member of the Presbyterian Church of Jackson. She served as an Elder and a Deacon as well as being active in the Christian Education Program where she served as a teacher, director, and coordinator. Beulah also chaired and held offices in the Women of the Congregation Programs. After the closing of the Presbyterian Church of Jackson in 2021, Beulah became a member of St. John's Lutheran Church of Sherburn.

Survivors grateful for having shared Beulah's life include her 2 sons, Mark (Mary) of Storm Lake, IA, and Jon (Renae) of Sioux Falls, SD; 2 sisters, Peggy Burgeson and Cleone (Art) Syverson; 3 sisters-in-law, Elaine Buchan, Barbara Erickson, and Ida Mae Erickson; 1 brother-in-law. Merv Steen; 7 grandchildren, Sheila, Josh, Seth, Tess, Jason, Conner, and Adam; 11 great-grandchildren; 5 great-great-grandchildren; as well as many nieces and nephews.

Beulah was preceded in death by her husband; her son Scott; her parents; her grandparents; her twin brother Beryl; her sisters Bonnie and Joan; her brothers-in-law Robert, Walt, Wendell, and Howard; and her sister-in-law Maxine.

Fairmont, MN will be held at 10:30 AM on Thursday, October 21,

ney Catholic Church in Fairmont. Full military honors will be provided outside the church following the service by the Lee C. Prentice American Legion Post #36 and Martin County Veterans of Foreign Wars Post #1222. Burial will be held at Calvary Cemetery in Fairmont. Visitation will be held from 4:00 PM to 7:00 PM on Wednesday, October 20, 2021, at Lakeview Funeral Home in Fairmont. Raymond passed away surrounded by his family on Wednesday, October 13, 2021, at his home in Fairmont. The Lakeview Funeral Home in Fairmont is assisting the family with arrangements.

Raymond Albert Rosa

was born on March 4, 1942, to William and Luella (Eby) Rosa in Jackson, MN. He attended school in Jackson, MN. Ray served in the United States Navy from August 29, 1960, until being honorably discharged on August 28, 1964.

On February 7, 1970, Ray was united in marriage to Dorothy Theesfeld at St. Patrick's Catholic Church in Estherville, IA. After their marriage, Ray and Dorothy lived in LeClaire, IA and after moving to various places throughout the years they settled in Fairmont twenty years ago. Ray worked for Frontier Phone Company for many years and retired in 2007.

Ray was a member of St. John Vianney Catholic Church in Fairmont, Knights of Columbus, and the VFW Post #3388 in Estherville, IA. When Ray wasn't working on telephones, he loved to be outdoors fishing or gardening. Ray loved cheering on the Minnesota Vikings. His greatest enjoyment in life was spending time

with his family, especially his grandchildren and great-grandchildren. Those left to cherish his

memory include his wife of fifty-one years, Dorothy Rosa of Fairmont, MN; sons, Joe (Angel) Rosa of Sauk Rapids, MN, Bill (Lynn) Rosa of Windom, MN and Jim (Stacey) Rosa of Clear Lake, MN; daughters, Katie (Jeremy) Kietzer of Fairmont and Lori (Craig) Tigges of Mt. Carmel, IA; fourteen grandchildren; twelve greatgrandchildren and one on the way; brothers-in-law, John Ysker of Windom, MN, Don Theesfeld of Algona, IA and Gary Theesfeld of Luverne, MN; and nieces, nephews and other extended family.

He was preceded in death by his parents, William and Luella Rosa; parents-in-law, John and Dorothy Theesfeld; brother, Rudy Rosa; sister, Connie Ysker; sisters-in-law, Irma Rosa and Marlene Theesfeld.

BUSINESS BRIEFS

Mayor addresses meeting of local business and community leaders

It takes a lot of work by a lot of people to make a prosperous community.

That's the word from Jackson Mayor Wayne Walter, who met with business and community leaders gathered Monday for the biweekly meeting of the Jackson Kiwanis Club and served as the day's guest speaker.

Walter, who is in his third term as mayor of Jackson, said while elected officials do what they can to make Jackson the best place it can be, much of the heavy lifting is done by volunteers — both individuals and groups.

"In a town this size, we rely heavily on the contributions of good groups and committees," he said, among them the Jackson Economic Development Corp., the Jackson Business Development Committee and even the Jackson Kiwanis Club itself.

"I thank the Kiwanis for all the community functions you do," Walter said.

The Jackson Kiwanis Club meets the first and third Mondays of each month.

Businesses encouraged to be a part of this year's Holiday Fest

Plenty of opportunities exist for local and area businesses to get involved with Jackson's Holiday Fest in December.

Home-based businesses, crafters and vendors are encouraged to register for the Jackson Holiday Fest Craft and Vendor Fair, which will run from 10 a.m. to 3 p.m. on Saturday, Dec. 4, at the Jackson County Central High School in Jackson. Vendor information and registration forms for the craft and vendor fair are available by emailing vendor.jacksonmnchamber@gmail.com.

Businesses are also able to take advantage of several sponsorship opportunities, including being a sponsor of the grand fireworks display. Those interested in being a sponsor may email the Jackson Area Chamber of Commerce at chamber@jacksomn or call 847-3867.

And all businesses, civic and social organizations are encouraged to be part of the lighted parade, which begins winding through downtown Jackson at 5:30 p.m. on Dec. 4. The theme of this year's parade is "Christmas Memories," and prizes will be awarded for first-, second- and third-place floats. Entry deadline for the parade is Dec. 1.

Downtown business is local outlet for tickets to Opry Christmas show

A downtown Jackson business is the local outlet for tickets to the 2021 Opry Christmas Jackson Style live musical extravaganza, which returns for its 12th year this December after taking last year off due to the COVID-19 pandemic.

Tickets for reserved seating to the two Dec. 4 shows are available now at Colleen Anderson Insurance Agency on Jackson's Main Street or by calling 847-3891 or 847-2009.

Prospective entrepreneurs invited to apply for '22 business challenge

Prospective entrepreneurs are encouraged tapply for the Jackson Business Challenge.

The challenge is a three-phase competition that seeks to attract new businesses to downtown Jackson by offering a prize package worth \$20,000. Applications for the 2022 Jackson Business Challenge will be accepted through Dec. 31.

The 2022 Jackson Business Challenge will follow the same guidelines as the 2019 and 2020 programs. The program aims to fill empty buildings in downtown Jackson and attract entrepreneurs to the community. The contest will consist of three rounds — business concept, detailed business plan and oral presentation.

Dave Schmidt, Jackson-based community and business development specialist with Community and Economic Development Associates, said the Jackson Business Challenge will look at the viability of applicants' business plans, as well as how they will enhance downtown. Entrepreneurs and current business owners in and out of Jackson are encouraged to apply. Complete details and applications are available online at cityofjacksonmn.com/jbc.

COUNTY: Resolution

Continued from Al

based out of West Concord, appeared before the board to present information about their company, which is working with NextEra Energy on the Three Waters Wind Project, a major wind farm project recently

acquired by the company. Ellingson will work with NextEra and local landowners on concerns related to tile drainage systems, providing digital maps and ensuring the project can move forward in a way that works for NextEra and local landowners. The company has extensive experience in agricultural drainage, which accounts for about one-third of their projects.

MILLER HONORED

The board recognized Jackson County Court Services support worker Trudy Miller for her work with the county, which was described as exceptional and going beyond the call of duty

of duty.

Miller, who works in several different positions at the county courthouse,

was awarded the Minnesota Association of County Probation Offices Spotlight Award for her service at the association's most recent conference.

POLICY REVISED

The board approved a proposed amending of the county's contracting policy to streamline review turnaround time.

The proposal, brought forward by Jackson County Administrator Ryan Krosch, would allow additional contract review options, including the use of private law firms, to review contracts.

Currently, all contracts are reviewed by the Jackson County Attorney's Office. A backlog in the judicial due to the pandemic and understaffing has led to longer turnaround times for contract review. Commissioners approved the policy change and expressed a desire to move back to in-house contract review as the backlog eases.

Health care foundation accepting grant applications

by JUSTIN R. LESSMAN Publisher

Applications are now being accepted for grants from the Jackson Health Care Foundation.

Emily Anderson, Jackson Health Care Foundation secretary, said the foundation typically awards around \$65,000 in grant funds annually to local organizations for health- and wellness-related needs.

Last year, the foundation distributed \$69,538.90. Money went to support gar-

den plots for a community garden, markers for the local trail system, ramps, medical bags for the sheriff's office, equipment for the school athletic trainer, oximeters for anatomy classes, nets for physical education classes, the purchase of an automated external defibrillator for the local pool, softball gear for the community education program, a stair chair for the local ambulance service accessibility undates at a local park and a trainer for The Pines fit-

ness center.

Since 2003, the foundation has awarded more than \$1.2 million in grant funds.

Applications for grants will be accepted through Nov. 19, with awards being determined in December. Application forms are available at local banks and online at forms. gle/2iKdz6JNeb3wrvVu6.

The Jackson Health Care Foundation is a nonprofit community-based organization that raises funds and provides grants in support of health awareness and improving the health of the Jackson area community. Applicants must directly benefit the health and wellness of the Jackson area community.

NEW LOOK: Authors marvel at restoration

Continued from Al

marveled its restoration.

In 2016, Dennis Waskul, sociology professor at Minnesota State University, Mankato, and his wife, Michele, published a book titled, "Ghostly Encounters: The Hauntings of Everyday Life." In it, they explored numerous sites said to be haunted, investigated the stories behind them and studied the community response to those stories.

One of their subjects was Loon Lake Cemetery, famed for its pioneer history, the Civil War veterans buried in its soil and a fallacious witch legend invented by a dishonest mill owner.

In the book's chapter on Loon Lake, the Waskuls debunked the old yarn about Mary Jane Terwillegar, who is buried at the site, and explored the legends in connection with local metal star David Ellefson. The authors lamented the amount of destruction done to the cemetery, which has resulted in the loss of dozens of headstones from the property, as well as the neglect the site suffered over the years.

Now, they've had a chance to visit the cemetery again and see the work of the Loon Lake Cemetery Restoration and Preservation Committee, a local group dedicated to preserving, studying and restoring the site. The Waskuls met earlier this month with numerous committee members, including Teresa and Mary Chonko, and got the chance to sign members' copies of their book. Both authors said they were impressed by the improved state of the cemetery, which the committee has worked hard to restore.

TRACKING: Concerns are raised

Continued from Al

"There are unbanked people who may not want to open up a bank account if this was enacted," Meium said. "We're strongly against this policy for the sake of our customers' privacy and trust and we would encourage everyone concerned about it to email or call their representatives."

Some local banks have gone so far as to email all of their customers about the policy, to prevent them from being blindsided.

from being blindsided.

"We have an email that we're sending to all of our customers regarding

it," said Doug Anderson,

branch manager of First National Bank of Lakefield.

Security State Bank Market President Kent Bargfrede said the measure would increase costs for banks in general and independent banks in particular. Security State Bank, which maintains branches in Jackson and Heron Lake, is a member of the Minnesota Bankers Association, which has voiced its opposition to the provision in recent weeks.

"We're all against it because it's another way to break into peoples' accounts," Bargfrede said. "We do have a voice to lobby for our customers and we have complained about it to legislators."

Far from only targeting the wealthy, Bargfrede, like Meium, said the policy would allow the tracking of nearly every bank account and burden smaller banks with large amounts of paperwork, creating frustration for financial institutions and their customers.

"If they pass it, it will be very costly for independent banks and their customers," Bargfrede said. "It used to be that large transactions were the ones reported, so it doesn't really make sense."

Loss of local mental health center location a blow to community

The rise of telemedicine and a shortage of clinicians are being blamed for the upcoming closure of Jackson County's Southwest Mental Health Center location, along with that of Cottonwood County. Whatever the ultimate causes, there's no question the move to close the Jackson location will harm the county's most vulnerable.

Nobody can deny telemedicine is a blessing — it's a great way to see therapists and doctors more conveniently at a lower cost — nor can anyone deny labor shortages have popped up just about everywhere these days.

Center executives claimed most clients prefer telemedicine and that is probably true. At the same time, telemedicine is often insufficient for the people most in need. Those suffering from more severe mental illnesses will likely have a much harder time acclimating to it. Some may not acclimate at all and lose access to mental health care altogether. While in-person therapy will still be offered at some locations, people here — and in Cottonwood County — will have to travel farther to access that option, which may not always be viable depending on work schedules and the conditions experienced by those individuals.

Arguing about motivation does little good. It's easy to blame a particular person for a problem, but quite another to solve it.

At the end of the day, we're seeing a service important to a large number of people in our county being reduced significantly. That's a cause for concern regardless of the reasoning or circumstances. As a community, it's important to take care of those who struggle the most. Losing a mental health center makes it a lot tougher to do that.

We need to figure out a creative solution to this problem. Seeking more state or local government funding might be one option, or a joint system in which the county, school and cities chip in to keep a location in Jackson viable. More young people are suffering from depression and suicidal ideation, as per national statistics and local student surveys. Whatever keeping a mental health

center here looks like, it would be well worth a try.

Extra caution required in low-visibility conditions

Question: Recently, it has been extremely foggy on the morning commute; can you give some advice on driving in fog?

Answer: Driving when the weather limits your visibility can be a challenge for all of us on the road. You can reduce your chances of being involved in a crash by eliminating distractions and by following a few safety tips.

Minnesota law states every vehicle on a roadway shall display lighted headlamps, lighted tail lamps and illuminating devices from sunset to sunrise. The law also applies when it's raining, snowing, sleeting or hailing and at any time when visibility is impaired by weather or insufficient light, at a distance of 500 feet ahead.

Basic automatic headlights work through sensors that detect how much light is outside. These sensors are located on the dash of the vehicle. The headlights turn on when the sensors detect a certain level of darkness or the level of ambient light.

The problem is there are limitations to automatic headlights. Sometimes they do not turn on during heavy rain, snow or fog, as the light sensor still detects some light.

Many drivers fail to physically turn on their headlights, which will also activate the rear taillights and marker lights. Some drivers assume the sensors will activate all of the vehicle's lights in reduced visibilities, but that is not always the case.

We recommend what's

called the three-secondplus following distance rule. Watch the vehicle in front of you. When that vehicle passes an object such as a sign, pole, bridge, etc., count off three seconds. You should not arrive at that spot sooner than your count to three. If you do, you are following too close! Also, you must add one second for every hazard that exists. Hazards include but are not limited to heavy traffic, rain, snow, fog, driving into the sun, etc. In some cases, you might have to allow six or seven seconds — or even more — to be safe because of existing

hazards. When visibility is reduced, slow down, increase your following distances, manually turn on your lights and

eliminate all distractions. You can avoid a ticket

— and a crash — if you simply buckle up, drive at safe speeds, pay attention and always drive sober.

If you have any questions concerning traffic-related laws or issues in Minnesota, send your questions to Sgt. Troy Christianson, Minnesota State Patrol, at 2900 48th St. NW; Rochester, MN 55901-5848. Or reach him at, Troy.Christianson@state. mn.us.

HANDPICKED CORN

Jackson County farmers show off two loads of handpicked corn back in the fall of 1927. Ninety-four years later, the county's corn harvest is in its final stages.

READERS WRITE

America gone in 60 seconds?

To the editor:

Remember the movie, "Gone in 60 Seconds"? That's how long it feels it took for our country to sink into total anarchy, even though the Biden administration has been in charge for 10 months.

Notice how everything coming out of the federal government is a "mandate"? The administration wants the Occupational Safety and Health Administration to "mandate" vaccines for companies employing more than 100 people or be fined or lose government contracts. People will lose their jobs, pensions and livelihoods. This never went through Congress. This is only another avenue to destroy the infrastructure of this country.

It was horrifying to see the way this administration pulled out of Afghanistan, letting 13 servicemen get killed and leaving \$80 billion-plus worth of equipment for our enemies to use against us directly, or to reverse-engineer it to create more, not to mention the torture and murder the terrorists are employing there.

From 80,000 more coming through Panama from Haiti to an open border to a \$3.5 trillion — actually \$5 trillion — social welfare bill, from abortion on demand up to birth to critical race theory, from trying to form a civilian climate corporation to forcing military members to be vaccinated or quit and pushing gender identify, it seems there is no end to what this administration is trying to do to weaken the military and destroy the economy.

We are in a time when deviant behavior is praised, and more rights are given to people entering this country illegally than the citizens within this country. Anyone who cares about a constitutional republic would not allow us to continue down this path of destruction.

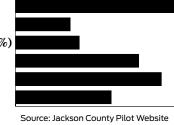

This country will not last if we do not reverse the direction we are going, nor will our children or grandchildren be able to embrace what was once a free

News from years gone by

10 years ago Oct. 27, 2011

Work under way on new trucking terminal

Work is under way in Jackson's industrial park on a new trucking terminal for the firm chosen to serve as AGCO-Jackson's dedicated fleet provider.

In June. Doug Bradley Trucking, with corporate headquarters in Salina, Kan., was selected to manage the dedicated flee for AGCO in Jackson, as well as in Hesston, Kan. To be constructed in Jackson is a 120-foot-by-220-foot building that will serve as a new terminal, which will consist of approximately 18,000 square feet of warehouse and 8,400 square feet of office and shop.

Jackson teen escapes injury in Oct. 20 rollover east of Lakefield

A Jackson teen escaped injury when the vehicle she was driving rolled off County State Aid Highway 14 just east of Lakefield last Thursday morning.

Taylor Briggs, 16, was checked at the scene of the rollover, but released with no apparent injuries, according to Jackson County Sheriff Roger Hawkinson.

The sheriff's office received a report of a one-vehicle rollover shortly before 10 a.m. on Oct. 20. Upon arrival, emergency crews found a 1996 Oldsmobile Bravado driven by Briggs resting on its side.

Bouncing babies may arrive soon

Plans for resurrecting obstetrical services at the Jackson Municipal Hospital are well under way, and the first babies could start arriving as early as January.

Dr. Bruce Kocourek and Dr. Wayne Viehweg briefed the hospital board Tuesday on progress toward the goal, and said they hope an obstetrics program can be in place around the first of

The hospital has not offered obstetrics services for four years, but Kocourek and Viehweg have since been recruited and both are qualified in that area.

Hardest to find daycare services for infants and 'part-time' kids

Many families need two incomes to get by these days. And when Mom joins Dad in the workforce, that means someone has to look after the kids.

Daycare services appear to be readily available in Jackson and across the rest of the county, though those involved with the local child care scene say parents might have problems in some places.

Surrender for the win

with the "waving of a white flag" during a battle or "throwing in the towel" in a boxing match, signifying

defeat. I can remember growing up wrestling with my

dad and we—actually, I—would use the word "uncle," meaning, "I give up" or "I submit!" Even though sur-

render is often associated with defeat, I would submit to you today that surrendering to God leads to a life

filled with victory, not defeat! The trouble is not that

we have a hard time completely surrendering all our

life to God. There are several verses throughout the

scriptures in which God calls us to surrender, such

as Luke 9:23, which states we should deny ourselves,

or James 4:7, which states submit yourselves to God

and Proverbs 3:5-6, which states, "Trust in the Lord

with all your heart, and do not lean on your own un-

derstanding. In all your ways acknowledge him, and

found to be the most challenging when it comes to surrendering all our life to God. Complete surrender

is placing our complete trust in God through all cir-

cumstances, but perspective is we struggle as humans

to trust in God through the circumstances, especially

the ones that seem impossible. My encouragement

for you today as you encounter challenging circumstances and are struggling to trust is to seek the Lord in prayer. When you are finding it hard to trust, find

yourself seeking the one in whom you need to place your trust — God. Victory in life happens when you

surrender all of your life to the one who created you

and trust in him through all circumstances.

Trusting in the Lord is what I have observed and

he will make straight your paths."

"I surrender!" Those are two words often associated

DINOVEMBER AT THE LIBRARY

Many fun events are being planned for November in celebration of Dinovember and Children's Book Week, which runs Nov. 8-14. Children ages 3 and up will receive a dinosaur egg with any checkout during the week of Nov. 8-13. In addition, that week, children and families are invited to watch a classic dinosaur movie, "The Land Before Time," on Friday, Nov. 12, at 2 p.m. in the library meeting room. There is no school on this day. Popcorn will be provided.

The monthlong activities will include a dinosaur scavenger hunt with prizes and "What the Dinosaurs Did Last Night" adventure. Come in any time during November and try to find all of the dinosaurs hiding in the library. Children receive a small prize for participating. Watch the libraries' Facebook pages for daily photos of the mischief the library dinosaurs got up to once the libraries closed. Detailed information is available at the library and on the library website, jclmn.org.

BEDTIME STORYHOUR

In conjunction with Children's Book Week and Dinovember, a bedtime story hour will take place on Thursday, Nov. 4, at 6:15 p.m. in the library meeting room. Children and families are welcome to attend. The story hour will feature dinosaur stories, rhymes, music, crafts and a snack. Children may come in pajamas with their favorite bedtime buddy or blanket. Registration is requested. Call 847-4748

VOLUNTEER READING

The library is looking for volunteers who are willing to commit a halfhour to an hour of time per week reading with an elementary-age student. The library offers a reading buddies program to interested second- and third-grade students. You will be paired up with the student and will meet at the library one time per week. The child will read to you, or you can share reading. Many of the students are working toward their Accelerated Reading goals. All ages of volunteers are welcome from eighth grade on up. This is a great opportunity for high school students to get some community service volunteer hours. Substitute readers are also needed. The program will run from January through May 2022. If interested or for more information, call Carrie Dose at the library at 847-4748.

AFTER-SCHOOL **EVENT**

Elementary-age students in kindergarten through grades are welcome to attend the November after-school event. A "Dino-Builders" event will take place on Wednesday, Nov. 10, from 2:45 to 3:45 p.m. Snacks will be provided. Space is limited. Registration is required. Call 847-4748.

TWEEN / TEEN **EVENTS FOR NOVEMBER**

The November tween those in fifth through seventh grades — and teen - those in eighth through 12th grades — after-school event will be a "Pop Tart Taste Off." The tween event will take place on Tuesday, Nov. 16, at 3:45 p.m., while the teen event is scheduled for Thursday,

JACKSON LIBRARY Carrie Dose

Nov. 18, 3:45 p.m. Space is limited. Registration is required. Call 847-4748.

LITTLE TYKES **STORYTIME**

Little Tykes Storytime takes place Mondays from 10 to 10:45 a.m. Story time features theme-based stories, fingerplays, music, dance, games, play and a craft. Toddlers and preschool children are welcome. This is a great opportunity for social interaction, as well as experiencing some early literacy skills. Registration is requested for first-time attendance. Call 847-4748 to register or for more information.

BOOK DISCUSSION

"And the Mountains Echoed" by Kahled Hosseini will be discussed on Monday, Nov. 15, from 1:30 to 2:30 p.m. in the library meeting room. This is a great opportunity to get out and meet new people and have fun discussing a book. Call the library at 847-4748 to reserve a copy of the book.

COATS FOR KIDS

The library is teaming up with Family Services Network for the 2021 Jackson County Coats for Kids event. We are accepting gently used or new coats, snow pants, mittens, hats and scarves to be distributed to children in October. Last year, more than 250 children in Jackson County received coats. Items will be collected through Saturday, Oct. 23. Donation boxes are located at various sites throughout Jackson County. You may bring items to any of the Jackson County libraries in Jackson, Lakefield or Heron Lake. Thank you for helping keep our kids warm this

JCC VOLLEYBALL

Regular season ends with sweep for busy volleyball team

by DAN CONDON Sports Editor

The Jackson County Central volleyball team ended the regular season with a sweep of Fairmont Monday, capping a span of eight matches in as many days.

JCC also swept Worthington last Tuesday and went 2-3 in the Todd Bachman Invitational this past Friday and Saturday at Lakeville North.

The Huskies end the regular season with a record of 23-6 and open the playoffs next Friday (see preview on B3).

Huskies sweep Cardinals

The Huskies ended the regular season in quick fashion Monday, sweeping Fairmont by scores of 25-12, 25-14 and 25-20.

A 7-1 run early in the first set that ended with back-to-back ace serves by Sadie Voss gave the Huskies some separation and gave JCC a 14-6 lead.

Emma Haren had a dominant stretch of two kills and an ace later in the set and Taylor Post had a kill and ace before Alexis O'Reilly finished the set with an ace.

JCC head coach Deidre Wierson said she was surprised how well the Huskies played early, especially after playing five matches in the tournament over the weekend.

"I thought we came out hard in the first set," she

PHOTO BY DAN CONDON

Emma Haren (left) and Taylor Post put up a block during Monday's regular-season-ending sweep of Fairmont.

said. "They looked rested — better than I thought they would after our busy weekend against some high-class teams."

Fairmont led the second set 5-2 before the Huskies went on a 16-1 run. The rally started with 11 straight points, the first two coming on a kill and then ace serve by Post. A block and kill by Wenzel accounted for two more points before Voss See **VB** on **B3**

JCC FOOTBALL

PHOTO BY DAN CONDON

Brothers Will (left) and Thomas Freking celebrate a tackle by Will during this past Friday's football game at Pipestone.

Arrows' aerial attack flies past Huskies

by DAN CONDON Sports Editor

Jackson County Central football coach Tom Schuller knew Pipestone had a really good quarterback.

He just hoped the Huskies would do a better job of slowing down Kellen Johnson and the Arrows in a 32-14 loss this past Friday.

The loss drops the Huskies to 4-3, while the win keeps the Arrows unbeaten at 7-0.

"We got dominated with the pass," Schuller said. "We thought we were ready for this and we just did not play well at all."

Arrows never trail

The Huskies were able to move the ball throughout the game — they rushed for 232 yards — but weren't able to finish many drives.

The Arrows, meanwhile, were able to pick up big chunks of yardage through the air on a variety of different pass plays.

The first big pass play took the wind out of JCC's sails early. The Huskies methodically marched down the field on the

Online...

The Section 3AA bracket will be released after this issue went to press. Go to jacksoncountypilot.com or lakefieldstandard. com to see who the Huskies play when the playoffs open Tuesday.

game's opening drive, but came up short on fourthand-3 and turned the ball

After the Arrows picked up a first down, a sack by Will Freking forced second-and-long.

Pipestone had the perfect play called as the Huskies brought a blitz, but Johnson was able to complete a screen pass that went for 65 yards. On the next play, Johnson hit Kaden Musch for the first of their four touchdown connections.

A fumble on fourth-and-1 ended JCC's next drive and the Arrows again used big plays through the air to hurt the Huskies.

Caleb Vancura sacked Johnson for a 7-yard loss on first-and-goal, but, two plays later, Johnson hit Musch for an 11-yard score to give the Arrows a 12-0

lead

Huskies get a stop, then score in second quarter

After the Huskies finally stopped the Arrows, JCC got on the board.

Three straight runs by Levi Lindley picked up 18 yards and a pass from Roman Voss to Payton Handevidt later gained 16

Two plays later, Gabriel Wolff shook a hard hit near the goal line and scored on a 6-yard run. Lindley ran in the two-point conversion to get the Huskies back in the game with just more than four minutes left in the opening half.

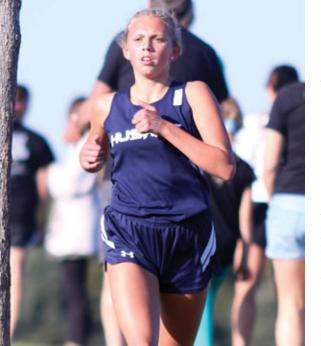

Pipestone regained momentum when it went 73 yards in just six plays and scored on 20-yard pass from Johnson to Musch with one minute, 29 secSee FB on B4

JCC CROSS COUNTRY

ATHLETES OF THE WEEK

Name: Elese Paplow Grade: 10 **Sport:** Cross country The week that was: Paplow, who also plays volleyball for the Huskies, was the second finisher for the JCC girls last weekin Adrian, placing 22nd in 23:21. Coach's comments: "Elese is asking a lot

of herself by competing in two sports, but she's doing a great job staying on top of her workouts and is consistently our No. 2 runner," Rafe York said.

Name: Emma Haren Grade: 10 **Sport:** Volleyball The week that was: Haren had 46 kills. 19 ace serves and seven blocks during a busy week.

Coach's comments: "Emma is a young and talented player who craves the game," Deidre Wierson said. "She has great court sense and brings energy to her team by her hustle, humor and hard work. She will keep helping her team build their level of play into the playoffs."

Athletes of the week sponsored by:

HL-O CORNER

Coyote volleyball team wins Red Rock Conference title

The Heron Lake-Okabena/Fulda volleyball team clinched the Red Rock Conference championship after beating the two toughest teams in the conference in the last week. The Coyotes beat Red Rock Central in five sets last Thursday, then rallied to beat Edgerton in four sets Monday to finish a perfect 8-0 in the conference. In between the two conference wins, the Coyotes went 2-2 in a tournament hosted by Bloomington Jefferson. HL-O/F ends the regular season with a record of 20-6.

The Coyotes won the conference outright by beating Edgerton Monday despite losing the first set 26-24. HL-O/F won the next three sets 25-14, 26-24 and 25-23. The key set was the third, which the Coyotes trailed 14-5 before rallying for the win.

"Edgerton came out to win and they were not holding back," head coach Trista Rhubee said. "We weren't quite prepared for their attackers and it took us too long in that first set to figure out where the holes were in their defense. We also missed some crucial serves throughout the game that killed our momentum and made the set scores closer than they needed to be.'

Elly Bang set up the powerful Coyote offense with 38 set assists and added six kills and five blocks. Marissa Becker and Maddie Schumacher each had 11 kills, with Schumacher adding four blocks. Taryn Evers had seven kills and five blocks and Sam Untiedt had six kills to go with 18 digs an a 16-for-16 serving performance. Emma Rasche had a team-high 23 digs and four aces.

The Coyotes had to rally to beat RRC last week, too, winning the first set 25-17 before losing the next two 26-24 and 25-19. HL-O/F won the fourth set 25-16 and then trailed the fifth set 5-1 before rallying to win 15-9.

We came out on fire, attacking from all angles," Rhubee said. "First set was a breeze and the second set started similarly, but then RRC got on a serving run and a few of our hitters made some mistakes and lost their confidence. Things unraveled in the third set because we weren't having fun. In the fourth set, the girls focused more on the game plan and they found their energy."

The fifth set, which the Coyotes won to clinch at least a share of the conference title, was intense, Rhubee said.

The fifth set we started in a 1-5 hole, but Sam really stepped up and made some great kills and Chrissy (Hermeling) wet on an aggressive serving run. We were all on the edge of our seats until that final ace serve from Marissa.

Untiedt finished with 22 kills and 15 digs, while Becker had 10 kills and 21 digs. Hermeling had 23 digs and three aces and Rasche had 15 digs and a trio of aces. Bang had 44 set assists and she and Evers each had five blocks. Schumacher had seven kills and three blocks.

At the Bloomington Jefferson tournament Saturday, HL-O/F lost to the hosts 2-0, then swept New Ulm and Jordan before losing 2-1 to Sibley East. The Coyotes are off until opening the Section 3A tournament Oct. 29.

Coyotes dominate Chargers for third win

The Heron Lake-Okabena/Fulda football team scored the first 30 points this past Friday and beat Westbrook-Walnut Grove 52-14 to improve to 3-4 on the See HL-O on B3

livewireprinting.com

Un-summerizing has officially started

This is the time of the year when Kathy and I un-summerize our yard; we take all of our outdoor furniture, decorations, etc. from our yard and move them into storage until next spring.

I also prepare my garden beds for their winter slumber. Basically, we admit summer is over.

This year, I started the un-summerizing process a couple of weeks ago when I stowed away most of the furniture from by our fire pit.

Not wanting to completely commit to the "summer is over" theory, l left a chair and table behind, for my behind just in case I get the urge to light a fire.

Now I know Kathy has been tempted a time or two to light a fire under my behind to get me to get the move on. I admit there are times I move in slow-mo. Pretty much every day before 9 o'clock - 9 p.m., that is.

But keeping a chair behind for my behind by a fire is a whole different thing. The fire is lit in the pit, not where I sit.

I am also already done with the gardens. I cleared the garden debris, put away the fencing and did the fall tilling. I try to till the garden both in the fall and again in the spring. Growing up on the farm, we always did a fall plow. I guess I never grew out of that.

Just as the area farmers combined their soybeans even though the stalks were still green, I dug our last few hills of potatoes even though the plants were greener than they were last June.

All I have left from the garden are three kohlrabi

plants I moved from the garden into planters to see if anything develops.

My plan is to turn my shed into a temporary greenhouse until A) the kohlrabi reach a tasty maturity or B) I get tired of tending to them and toss them out among the rest of the garden debris. I am hoping for A.

This was a strange year for kohlrabi. We were still eating kohlrabi from the garden in mid-October and they were still good; they did not get woody.

Those kohlrabi have given me hope that maybe I will still be good even if I stick around on Earth longer than I should. Or at least longer than others think I should. Not that I would ever overstay my welcome.

I figure I want my life to be like my steak: very, very well done. The longer my steak stays on the grill, the better I like it. The longer I stay on Earth, the better I like it.

Just because I am done with the garden for the winter does not mean it is out of sight, out on mind. I am already thinking about what I want to plant and where next spring. I am already on scenario 15. I only have a couple of hundred more optional scenarios left to visualize.

This is also the time of year for carving pumpkins. Every time as I cut the top off of my soonto-be carved pumpkin, I have visions of Peanuts' Linus getting a horrified look as his sister Lucy starts cutting their pumpkin and he wails, "Agh! I didn't know you were going to kill it!"

You do have to be careful not to carve your pumpkin too soon. If you

carve too early, by the time Halloween rolls around, your pumpkin will no longer roll but instead will be sunken and shrunken down into a ghoulish pile of rotting pumpkin.

It will not even be close to representing what it looked like freshly carved. But that would actually be appropriate as a Halloween decoration. Ghoulish and gross.

The Jackson County Central Middle School students are happy this is the time of year they have MEA break.

Today (Thursday) and tomorrow are no-school days for the break. We say it is so teachers can attend the MEA conference, but we really know it is so the students can help their parents un-summerize their yards.

Their fall seasons are complete. The athletes are starting to prepare themselves for their winter sports seasons, which begin in November.

And now, as I have pumpkins to carve and some more un-summerizing to complete, I close for this week. Until next week, help cheer on our athletes as they carve out some more victories. Go, Huskies!

BOYUM. PAPLOW GOOD ENOUGH FOR STATE

One year ago, Oct. 22, 2020

Any other year, Andrew Boyum and Evan Paplow would be preparing for the state tournament. This year, thought, they'll have to settle for knowing they were good enough to qualify for state. Both Jackson County Central runners placed well enough at the Section 3A meet to qualify for state, but, like every other runner in the state, had their season end because there is no state tournament this year. Boyum finished 15th at the section meet with a time of 18:08 and Paplow placed 16th in 18:09. Olivia Anderson led the JCC girls, finishing 31st in 21:56.

HUSKIES BOUNCE BUCS

Five years ago, Oct. 27, 2016

The Jackson County Central volleyball team ended the regular season with a record of 20-8 after beating Blue Earth Area in four sets after both teams finished second in their respective divisions of the Big South Conference. Kaylee Benson had 15 kills and nine digs, while Lacey Wacker had a triple-double of 11 kills, 15 digs and 20 set assists. Lauren Murphy had 15 set assists, Emily Paplow had four aces serves, Alexa Palmer had six kills and Alaina Wolff and Molly Brinkman each had 10 digs.

HUSKIES POUND THE ARROWS

10 years ago, Oct. 27, 2011

Eleven days after dominating the Pipestone Arrows in a regular-season matchup, the JCC football team smacked the seventh-seeded Arrows around to open the Section 3AA playoffs. JCC led 36-0 at the half and beat the Arrows 43-13. Carsen Nyborg returned an interception 23 yards and Darnell Taylor-Breck had a pick-six from 35 yards out. Nyborg also ran for a 58-yard touchdown and Cooper Moore ran for a 1-yard touchdown. Tanner Menke threw touchdowns to Zach Copley (26 yards) and Kyle Luhmann (30 yards) and Niklas Keller kicked a 22-yard field goal and four extra points. Nyborg ran for 113 yards and Moore rushed for 85. Taylor-Breck intercepted two passes and Nyborg picked off one. Brett Larson and Daniel Weires each recovered a fumble.

USC NO MATCH FOR JACKSON

25 years ago, Oct. 24, 1996 - Jackson County Pilot

The Jackson Blue Jays ended the regular season with a 34-0 trouncing of USC, scoring in every quarter and pitching its first shutout of the season. Brig Wachal threw a 38-yard touchdown to Ryan Dunlavey to open the scoring in the first quarter, then Bill Dunker caught a 24-yard pass from Wachal in the second quarter. Wachal returned an interception 42 yards for a touchdown in the third quarter before Rob Brown and Randy Gasca ran for touchdowns. Gasca ran for 109 yards and Wachal finished with three completions for 86 yards and two touchdowns.

THE STREAK CONTINUES

25 years ago, Oc. 24, 1996 - Lakefield Standard

The HLOL volleyball team won its 21^{st} and 22^{nd} straight matches and improved to 24-1 on the season beating Jackson in five sets and Windom in four. Lindsay Voss was 23for-23 serving against Jackson with six aces. Voss also had 26 ace spikes, Stacy Oelke had 23, Sue Resch had 10 and Katie Hansen had eight. Brandi Salzwedel had three ace serves and Brandi Zishka had 48 set assists. Hansen had 12 ace blocks and Resch had 10. Against Windom, Voss had seven ace serves and 20 ace spikes. Resch had five ace serves, six ace blocks and seven ace spikes. Brittany Liepold had 25 set assists, Hansen had six ace blocks and Oelke had 16 ace spikes.

VB: JCC busy before playoffs

Continued from **B1**

hammered three straight kills. Georgianna Wenzel had a kill and two straight ace serves to finish the 16-1 run with JCC head 18-6.

Haren had a kill and ace late and Wenzel had a pair of kills, including the one that finished off the second set.

The Huskies trailed early again in the third set, falling behind 8-4 before recovering quickly.

A 7-1 run turned an 8-12 deficit into a 15-13 lead, but the set was tied at 15 and then 18 before the Huskies pulled away. Voss had a trio of kills late before Haren finished off the set and match with a kill.

The Huskies were called for being out of rotation four times during the match, but Wierson said that's something she'll take the blame for and said will quickly be taken care of.

'We had some mental shutdowns from point to point and set to set, so just making sure we're perfecting that," she said. "Part of that I would take ownership on because I did switch the lineup so we had

JACKSON COUNTY CENTRAL

a few faults on that. We just need to fine-tune that.'

Voss finished the match with 13 kills, 11 digs and two ace serves. Haren had 10 kills and two blocks and was 14-for-16 serving with five aces.

Post had five kills, four digs and three blocks and was 18-for-19 serving with two aces. Wenzel recorded eight kills, three digs and two aces.

Maci Farmer set up the JCC offense with 36 set assists and added four digs and two kills. Peyton Hanson had three kills and two blocks, O'Reilly had six digs and was nine-for-nine serving and Sydney Osterberg had five digs.

Huskies win two matches in tough tournament

JCC faced some tough competition at the Todd Bachman Invitational and held its own.

The Huskies beat Class AA No. 7 Caledonia (25-21, 25-17) to open the tournament before losing in two sets (25-13, 25-23) to Prior Lake, which received a vote in the Class AAAA

JACKSON DUNTY C

poll. The Huskies ended pool play with a loss (25-23, 25-10) to Class AAAA No. 5 Eden Prairie.

The Huskies opened the bronze bracket with a win over Rochester Century (25-15, 25-19) before losing to Sioux Falls Roosevelt. The Huskies won the first set 25-23 before losing the next two 25-22 and 15-10.

Wierson said facing tough competition just ahead of the postseason is beneficial for the team.

"I would say it's huge to be able to play high-quality volleyball at that tournament in Lakeville," she said. "A lot of teams are ranked within their class. It only makes us see what holes we still have and also how we can compete against teams we're going to need to contend with. It just really shows us what we need to remember to be ready for and what are some areas that we still need to perfect."

Voss led the team with 42 kills in the tournament and she and O'Reilly both had 42 digs. O'Reilly also had five ace serves and Voss

Haren had 29 kills and four blocks and led the team with 12 ace serves. Post finished with 15 kills and 17 digs and was 38-for-39 serving with four aces.

Wenzel had 11 kills, 21 digs, four aces and a teamhigh seven blocks. Hanson had six kills and five blocks and Osterberg had nine digs.

Farmer did it all, finishing with 91 set assists, 12 digs, seven kills and two blocks to go with a 39-for-41 serving performance that included eight aces.

Huskies dominate Trojans in BSC finale

JCC swept Worthington by scores of 25-6, 25-18 and 25-19 last Tuesday, giving the Huskies a 5-1 record in the West Division of the Big South Conference to finish behind only Marshall.

Farmer dished out 33 set assists and had five digs in the win. She was also ninefor-10 serving for a Huskies team that was good on 68 of its 75 serves to hit at 90.1 percent.

Voss had 14 kills and 12 digs and was 12-for-12 serving, while Post had six kills and was 10-for-11

serving with three aces.

Huskies get much-needed break before opening playoffs Oct. 29

by DAN CONDON Sports Editor

Georgianna Wenzel hammers a kill past a Fairmont de-

fender during Monday's sweep of the Cardinals.

The Jackson County Central volleyball team is ready for a bit of a break. The Huskies played eight matches in an eight-day span to conclude the regular season, but now are in the midst of an 11-day break ahead of the Section 3AA tournament.

"We are definitely taking some rest time," head coach Deidre Wierson said following Monday's regular-season finale against Fairmont. "It's kind of been go, go, go ever since the season has started. I think it's really important for them to take this time and kind of get refreshed and reset mentally so we can come into playoffs fresh."

Section seeding was announced Wednesday (after this issue went to press), with the Class AA second-ranked Huskies all but guaranteed to be the No. 1 seed in the south half of the section. JCC is 23-6 on the season and is 7-0 against section foes. Luverne, Pipestone and Windom figure to make up seeds two through four, in

some order. The Huskies will open the section tournament Oct. 29 at home, with the sub-section semifinals and finals on Nov. 1 and 4, respectively. The Section 3AA championship match is Nov. 6 at Southwest Minnesota State University in

Marshall. Wierson said the Huskies already started preparing for the playoffs Tuesday, even before knowing their first-round matchup. Once they know their opponent, they'll gear up for it — with some rest this weekend mixed in.

What Wierson already knows is there will be some tough matches throughout the postseason.

"Our section's got some battles that are going to come out between now and the end of our playoffs,' she said.

To make sure her team comes out on top, Wierson is having the Huskies continue to focus on passing and serving, which has been a point of emphasis all season. Staying focused for an entire match is also something that's

been stressed. "A big focus has been a lot of our defense, as well as first contact, so making sure that we're able to pass the ball so we're in system and able to do something with the ball in our offense," she said. "Mentally, just making sure we know this is a game of mistakes, so being able to fight back in if we get down by a point or two and be able to come back faster, rather than letting them get five or 10

points and find yourselves

having to dig out of that." The Huskies don't have a ton of postseason experience — last year's season was cut short before the postseason because of CO-VID-19 — but have a group of seniors on which to rely.

Seniors Sadie Voss, Georgianna Wenzel, Taylor Post and Sydney Osterberg are ready to lead the team into the postseason and hopefully to the state tournament.

"This group of seniors is very team oriented," Wierson said. "I think they're really going to drive this team. We also have a lot of younger players that are very talented and they keep pushing them to the next level too.'

That talent should help the Huskies take on everyone's best challenge as the section's team to beat.

"I think going into playoffs when you're seeded Online...

The Section 3AA volleyball bracket will be posted online at jacksoncountypilot.com and lakefieldstandard.com after it is released.

higher, there is that pressure, but the girls are so hungry for it that it's just play your game and control what you can control on your side of the net and the results will show." Wierson said. Wierson hopes to see a

big crowd for the playoff opener and hopes for continued support throughout the postseason.

'Keep coming and supporting us," she said, thanking the fans before acknowledging the importance of her assistant coaches, Krista Nelson and Janet Haren.

'I just want to give a shoutout to my coaches because they really help us

every day in practice and they're fine-tuning every time. Even outside of the gym we're constantly coming up with ideas for drills and ways to keep the girls going.'

After a few days off and more than a week to prepare, the Huskies will be ready to compete once Oct. 29 rolls around, Wierson

"The girls are excited to start their journey into the playoffs," she said.

Playoff seeding will be posted online at jacksoncountypilot.com and

lakefieldstandard.com Wednesday and a link will be on Twitter by following @PilotSports.

HL-0: Coyotes dominate on grid, Salentiny second in RRC meet

Continued from **B2**

season.

Brayden Peil scored the only touchdown of the first quarter on a 7-yard run, then Jaxson Tiesler scored less than a minute into the second quarter and Peil added the conversion for a 14-0 lead.

Both scored touchdowns in less than a three-minute span as Peil rushed for a 20-yard touchdown and then Tiesler broke free for a 60-yard score.

After WWG got on the board, Dominic White returned the ensuing kickoff 80 yards for a touchdown to give the Coyotes a 36-6 lead at the half. Peil added the conversion after Tiesler's long run and Parker Murphy ran in for the two-point conversion after the kick return.

Peil ran for a 25-yard touchdown in the third quarter and Preston Christoffers scored from 21 yards out in the fourth. Tiesler and Aiden Lang added the conversions.

Tiesler ran for 178 yards and two touchdowns on just 12 carries, while Peil ran for 138 yards and three scores on 16 attempts for the Coyotes, who gained 469 yards on the ground.

Murphy completed three passes for 54 yards. Christoffers caught one pass for 28 yards and Tiesler hauled in two for 26 yards.

As if Peil didn't do enough on offense, he had a teamhigh 14 tackles on defense and an interception. White picked off two passes and Murphy intercepted one.

Tiesler had nine tackles and a forced fumble. Cody Hennings had nine tackles, Ryder Henning had eight, White had seven and Gavin Leighty made six stops.

The Coyotes ended the regular season Wednesday night at Red Rock Central. The Section 3 nine-man playoffs start Tuesday.

Salentiny finishes second at RRC meet for second straight season

Heron Lake-Okabena sophomore Tim Salentiny finished second at the Red Rock Conference meet for the second straight season Monday afternoon. Salentiny ran the course in 17 minutes, 54 seconds and his runner-up

finish earned him all-conference honors. Trevor Bass finished 23rd (21:59), Joshua Eigenberg was 26th (22:34), Daniel Ruthenbeck finished 37th (25:28) and TJ Ostrem and Nick Fest finished 39th and 40th, respectively, with matching times of 32 minutes, 10 seconds.

The HL-O boys finished fifth in the team standings (109), behind Mt. Lake Area/Comfrey (35), Murray County Central (49), Adrian/Ellsworth (80) and Southwest Minnesota Christian/Edgerton (85).

Mackenzie Ehlers led the HL-O girls, finishing 36th (27:19). Not far behind was Renae Salentiny, who came in 38th place (29:07). Also running for the Wildcats were Skylar Fisher (40th; 29:07), Brooklyn Fisher (43rd; 31:43) and Faith White (50th; 37:44).

The Coyotes had a team score of 155 to finish fifth behind MCC (19), SMC/E (61), A/E (71) and MLA/C (76). Last week at Adrian, Tim Salentiny finished ninth (17:56), Bass was 70th (21:24) and Ostrem was 115th (25:50) for the Wildcat boys and Skylar Fisher finished 96th (29:33) for the HL-O girls.

The Wildcats will run in the Section 3A meet next Thursday in Madison.

FB: Loss

onds left in the half to lead

Comeback attempt thwarted by Arrows

The Huskies forced a turnover on downs to open the second half and had a chance to make it a onepossession game.

JCC picked up three first downs and took nearly six minutes off the clock on what looked like a promising drive, but the Huskies turned the ball over on downs and still trailed by 10.

That deficit grew just four plays later as Johnson threw a 15-yard touchdown to Ty Hansen to give the Arrows a 24-8 lead.

Another JCC drive showed promise, but the Huskies again failed on fourth down — the fourth time doing so in the game — once they got into the Red Zone.

A trio of penalties and a third-and-13 completion helped the Arrows find the end zone again, as Johnson hit Musch for their fourth and final touchdown to give Pipestone a 32-8 lead midway through the final quarter.

Wolff ran for a 53-yard touchdown on JCC's next drive to cap the scoring.

Arrows throw for 409

Pipestone gained 409 yards through the air and rushed for 54 to finish with 463 yards of offense — the most the Huskies have allowed this season.

"You're hoping not to allow 300 and some yards passing," Schuller said. 'That makes it unwinnable.'

Schuller said Johnson - who Schuller said has a "Division I arm" — and the Arrows deserve credit, but the Huskies need to play better.

"It starts a lot of places," he said. "Coverage mis-

PHOTOS BY DAN CONDON

Matt Haley (from left), Will Freking, Caleb Vancura and Gabriel Wolff put pressure on Pipestone quarterback Kellen Johnson.

takes, not covering people, playing scared. They beat us a couple legitimate times when we got up on them, then we refused to get up on them ever again."

The Huskies were able to gain 287 yards of offense, including 232 on the ground. Lindley ran for 98 yards on 20 carries and Wolff rushed for 94 yards and two touchdowns on seven carries.

JCC will need more of that if the Huskies want to try to win a potential rematch with the Arrows in the section playoffs.

"We're going to have to control the ball on them the second time, obviously, because we've got to help our defense out right now," he said. "That's the long and short of it."

While ball control is one way to slow the Arrows, Schuller said the Huskies need to find ways to

prevent Pipestone from scoring.

"Eventually you do have to stop them," he said. "We just didn't do that enough times."

While the loss is tough, Schuller said seeing the Arrows once could help if they meet again. Before then, the Huskies will need to work on pass coverage.

"We have a long ways to go yet and a short time to get there," he said. "We need to do a lot of pass skeleton and a lot of pass rush. It was a full team thing; we didn't play well defensively. We've just got to put it behind us, try to beat St. Peter and head to the playoffs."

Huskies open playoffs Tuesday night

The Jackson County Central football team wrapped up the regular season Wednesday night at St. Peter (after his issue went to press) and opens the Section 3AA tournament Tuesday.

Postseason brackets came out after this issue went to press, but can be found online at jacksoncountypilot. com and lakefieldstandard.com and a link will be posted on Twitter by following @PilotSports.

Pipestone has all but assured itself the No. 1 seed in the section tournament after beating the Huskies this past Friday. The No. 2 seed will likely come down to either JCC or Redwood Valley. The Huskies beat the Cardinals 21-18 on Oct. 1, but RV had a higher total in the Quality Results Formula — used to determine section seeding — going into the final week of the regular season.

JCC head coach Tom Schuller said the best thing for the Huskies to do is put the loss to Pipestone and its prolific aerial attack in its rear-view mirror and try to beat St. Peter before opening the playoffs.

We have a long ways to go yet and a short time to get there," he said. "We need to do a lot of pass skeleton and a lot of pass rush. It was a full team thing; we didn't play well defensively. We've just got to put it behind us, try to beat St. Peter and head to the playoffs."

Going into that Pipestone game, the Huskies had won three in a row after a 1-2 start to the season.

After the playoff opener Tuesday, the section semifinals are Saturday, Oct. 30 at the higher seed. The section finals are Nov. 5 at Southwest Minnesota State University in Marshall.

Zach Rasmussen tries to drag down Pipestone quarterback Kellen Johnson during last week's game in Pipestone.

CC: Two boys, one girl finish in the top 10

Continued from **B1**

this season and Paplow has been in the top five in all but one race — an eighthplace finish in Fairmont.

That's a trend head coach Rafe York expects to continue the rest of the season. "Andrew and Evan work

so well together, and they don't back down, so I look for them to continue competing for top spots the rest of the way," he said.

Kie Anderson finished 27th in Adrian (19:30) and Nolan Ambrose came in 33rd place (19:45).

There was a tight battle for JCC's fifth and final scorer as Clayton Cavness and EJ Peterson crossed the finish line at nearly the exact same time. Cavness officially finished fifth in 20 minutes, 29.38 seconds and Peterson was 51st in 20 minutes, 29.41 seconds.

"We had a nice race between EJ and Clayton for our No. 5 spot," York said. "EJ's really had a breakout season and Clayton is hitting his stride, so I hope they're able to keep pushing each other the rest of the way.'

Also running for the Huskies were Evan Insichienmay (65th; 21:11), Keenan Ambrose (78th; 21:51), Brigan McCarthy (85th; 22:25) and Carter Johnson (111st; 25:36).

"I know I say this a lot, but I was happy with the way the guys ran," York said. "I feel we've become more strategic in our races this year, and we're finishing better as a result."

The Huskies had a team score of 101, putting them behind only Worthington (34) and Redwood Valley (80). JCC beat Luverne (107), Windom (153), Pipestone (156), Murray County Central (165), Adrian/ Ellsworth (229), Southwest Minnesota Christian (244), Lakeview (246) and Russell-Tyler-Ruthton (285).

Anderson in top 10

Olivia Anderson posted her fifth straight top-10 finish last week in Adrian, running the 5,000-meter course in 21 minutes, 25 seconds to finish eighth

York said Anderson is hitting her stride as the Huskies enter the most important part of the season.

"Olivia has run a couple of strong races recently," he said. "She's looking a lot better than she did a year ago, and I'd love to see her make a big push to finish out her career."

Elese Paplow finished second for the Huskies in 23 minutes, 21 seconds and Cailee Pauling came in 48th (25:20) in her first official varsity race.

Bailee Pohlman placed 54th (25:41) and Taylor Schultz rounded out JCC's team score by placing 61st (26:15). Lily Johnson finished 72nd (27:03) to cap JCC's team.

JCC had a team score of 184 to finish eighth. Luverne scored 37 to win, followed by MCC (49), Redwood Valley (76), Pipestone (124), A/E (152), Worthington (170) and SMC/E (171). The Huskies finished ahead of Windom (233), Tracy-Milroy-Balaton (264) and RTR (274).

BSC meet was Tuesday,

section meet is next week The Huskies ran in the Big South Conference meet Tuesday in Pipestone. Results from that race, as well as a preview of next Thursday's Section 3A meet in Madison, will be in next week's Jackson County Pilot and Lakefield Standard.

After pandemic delay, JCC freshmen, sophomores go on class trip

by JOSHUA SCHUETZ Staff Writer

Early this month, a group of Jackson County Central High School students got to visit Washington, D.C.; appreciate the architecture; visit different national monuments; and pay their respects to those who made the ultimate sacrifice for America.

The trip, organized by school social worker Melissa Ahlschlager, was supposed to take place in May 2020, but the COVID-19 pandemic delayed plans for more than a year.

"I've been traveling with students since 2015, Ahlschlager said. "We have midmester every year and we planned this trip back in 2019, so by the time my seventh- and eighthgraders got to go, they were already freshmen and sophomores.'

Five kids and four adults went on the journey. The nine travelers got to visit numerous monuments and other places of interest in

One that had a major effect on the kids was the Vietnam Memorial, where they had the chance to visit with veterans from the war and see the Honor Flight, something Ahlschlager hadn't planned — but was delighted with nonetheless.

'We saw the Honor Flight at the memorial and the kids were able to speak with Vietnam veterans and learn more about what fighting there was like for them," Ahlschlager said.
"They were really eager to meet and talk with them and I think getting to do that made it more real for

the kids." It wasn't the only unplanned sight the kids got to see; they also saw the presidential helicopter fly to the White House which wasn't quite as big as they expected.

But the itinerary still held plenty of interesting experiences for the kids. They toured the monuments twice — once during the day and once at night — and learned about World War II, the Korean War, the Vietnam War and other conflicts America faced throughout the years.

The group explored the Smithsonian Museum, enjoying the exhibits and learning new things about numerous subjects at the location.

But the most meaningful part of their journey wouldn't take place in Washington. Because it's only a short drive from Ahlschlager wanted to take the students to Arlington National Cemetery.

For Cyndi Hansen — a parent traveling with her son, Michael, on the trip – it was a chance to visit an old friend, Daniel Prigge, an Iraq War veteran and former Army Ranger. Prigge, a Wisconsin native, had gone through 95 surgeries after returning from the Middle East.

"I met him through Instagram a couple years ago, and he had served in Iraq,' Hansen said. "He passed away last March, and Michael and I were able to find his headstone at the cemetery."

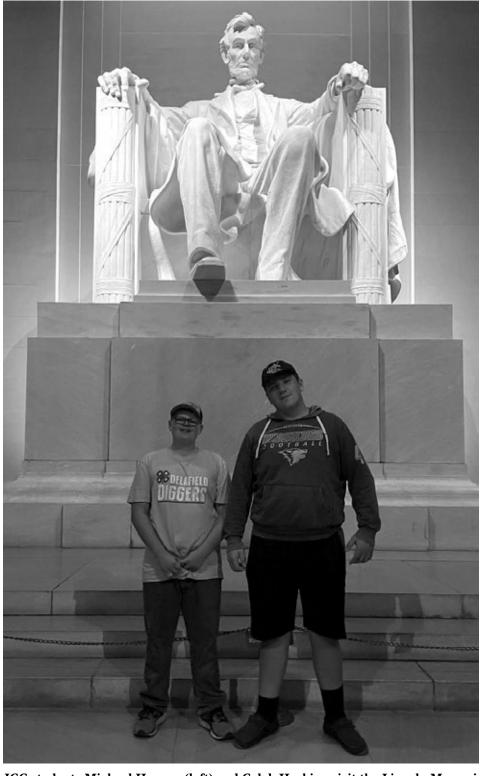

It was an emotional moment that gave Hansen and her son an opportunity to appreciate the sacrifices made by someone so close to them — and the legions of valorous dead lying in rest at Arlington. Hansen took picture of the headstone and sent it to a mutual friend who still serves in the Army.

"It meant the world to him," she said.

The group also had the chance to witness a military funeral and see the changing of the guard at the Tomb of the Unknown Soldier. Both events left a major impression on the students. 'When the students

heard them play 'Taps'

and the 21 Salute, they took off their hats and paid their respects, even though we couldn't see the funeral," Hansen said. "It's something I don't think any of them will forget.'

JCC students Michael Hansen (left) and Caleb Haskins visit the Lincoln Memorial.

JCC band, choir to return to auditorium Monday night

by JOSHUA SCHUETZ Staff Writer

The Jackson County Central High School band and choir will perform their first concerts of the year Monday night at the high school auditorium.

"It has been great getting to rehearse band music the normal way again after having band in the gym for a year," Erica Colby, instructor of instrumental music at JCC, said, referring to COVID-19 protocols in place last school year. "The kids have worked really hard to get these songs ready and we are excited to share them with everyone."

There's no specific theme for this concert and both the band and choir will perform a variety of pieces from different time periods and countries. Colby said one interesting song based on the folk practices of a Colorado town will serve as a spooky and fun feature for the band.

"We are playing a piece called 'Coffin Races,'" Colby said. "The story behind it is that a woman moved to Manitou Springs, Colo., and loved the mountains and wanted to be buried there and, when she passed away, her husband carried out her dying wishes."

The choir, meanwhile, is going for a blast from the past with some 1970s music, as well as a Swahili piece that will be sung in both English and Swahili.

"We're doing a wide variety of songs," said Lori Grote, vocal music instructor at JCC. "We have a piece written by David Gates called 'If,' which the kids liked, and we're doing 'To make You Feel My Love,' which is a lovely song."

The Swahili song, originally composed by a band Grote met and sang with once, is called, "O Sifuni Munga."

"It translates to, 'All Creatures of Our God and King," Grote said. "I actually got to work with First Call, which is the band that wrote and first performed it years ago.'

The music department is also collecting donations for the local food shelves, so attendees are encouraged to bring a donation to show their support.

The concert begins at 7:30 p.m.

County marks 11 straight weeks of double-digit caseload increases

by JUSTIN R. LESSMAN Publisher

Jackson County recorded 27 new cases of COVID-19 over the last week, marking 11 consecutive weeks of double-digit weekly caseload increases in the county after 14 consecutive weeks of single-digit — or no increases

The county's double-digit weekly caseload increase comes as the number of locals vaccinated against COVID-19 has apparently leveled off. As of this past Sunday, 4,833 locals — 56.2 percent of Jackson County residents 12 years of age and older — had received at least one dose of CO-VID-19 vaccine, virtually unchanged from the week prior and the week before that. Of those 4,833, 4,654

-54.1 percent of the county's population of those 12 years of age and older have received the number of shots required for maximum efficacy, what the MDH terms a "completed vaccine series."

In terms of the county's population as a whole, 48.6 percent have received at least one dose, while nearly 47 percent have received a completed vaccine series. Nearly 82 percent of locals 65 years of age or older have received at least one dose; close to 81 percent have received a completed vaccine series. And as of this past Sunday, 147 locals

between the ages of 12 and 15 had received at least one vaccine dose; 133 had received a completed vaccine series. All numbers are virtually unchanged from two weeks ago.

With local vaccination numbers flat, the county is falling further behind the state as a whole in terms of percentages of residents vaccinated. As of this past Sunday, 73.2 percent of Minnesotans 12 years of age and older had received

at least one dose of vaccine, while 69.7 percent had received a completed vaccine series. Nearly 62 percent of the Minnesota population as a whole has received at least one dose of vaccine, with 58.9 percent fully vaccinated; 94.6 percent of Minnesotans 65 years or age or older have received at least one dose, with an even 92 percent fully vaccinated. Statewide, more than 167,000 people between the ages of 12 and 15 have received at least one dose; more than 152,000 are fully vaccinated.

COVID-19 is a viral respiratory illness caused by a novel coronavirus first identified in late 2019. Since the first case of CO-VID-19 was reported in Minnesota on March 6, 2020, the state has notched nearly 764,000 cases of the illness and tallied close to 8.500 deaths.

Local bank is currently accepting applications for junior herdsman project

Local youngsters are encouraged to apply for the 2021-2022 junior herdsman project through Security State Bank of Jackson and Heron Lake.

Application deadline is

Every year, Security State Bank selects two seventh- or eighth-grade recipients from each branch location to participate in its junior herdsman project. Each recipient receives five bred heifers to use until June of their senior year. Throughout the project, each participant will track and submit accurate records of expenses and income, as well as provide a summary of activities annually. At the conclusion of the term, recipients will return the equal value of the cattle.

Security State Bank began the junior herdsman project in 2013 and has since awarded more than 200 bred heifers to more than 40 recipients.

Brian Zirpel, Security State Bank vice president, said the project is a way to encourage young people to become involved in agriculture and provide an opportunity for them to create their own herd, adding over the years, the bank has been amazed by the applications received.

FIELDS LAW FIRM

"We continue to be impressed with the quality of applicants interested in the program," he said. "We have some very responsible and passionate young people in our communities, and we are proud to be part of their future success."

Local participants in the 2020-2021 program included Jamie Edlin, McKade Tewes, Lane Olson and Tanner Nel-

John Baumiller, president at Security State Bank, said the project is a great opportunity for young adults interested in agriculture.

"These outstanding applicants play a pivotal role in the future of agriculture," Baumiller said. "We are happy to play a small role in supporting that future by providing them firsthand experience managing their own cow operation. At the bank, we are always looking for ways to support the youth in our communities.'

Those interested in applying for the junior herdsman project are encouraged to visit or call Security State Bank in Jackson or Heron

Locals voice concerns about center closure

by JOSHUA SCHUETZ Staff Writer

Local families and school board representatives last week voiced their concerns regarding the pending closure of Southwest Mental Health Center locations in Jackson and Cottonwood counties

The closures, which executive director Luke Comeau said were necessary for budgetary and staffing reasons, were justified on the grounds that more patients preferred telemedicine visits with their therapists. An exodus of clinical staff — more than 50 percent of SWMHC clinicians have resigned over the past eight months also triggered the change.

Comeau presented that information last Thursday in Jackson during a meeting of the Des Moines Valley Health and Human Services Board.

Among the concerned attendees were Cottonwood County residents Mike and Ashley Johnson, who have four adopted children and regularly access the center's services.

Ashley Johnson, who has worked with families navigating the foster care program in the past, said Comeau's reports of 90 percent satisfaction ratings for the center's telemedicine service don't match up with the reality she's seen

on the ground. "I work with a lot of families and not one of them said it works better for them," she said.

Mike Johnson agreed, noting that in both counties, rates of children experiencing mental illness have been increasing year over year. He also said disinvesting in community mental health efforts could lead more kids to interact with the criminal justice

"One out of every six kids under the age of 16 will suffer from mental illness," he said. "If we do not continue to get these services, we're creating a pipeline from therapy to prison."

Jackson County Central Superintendent Barry Schmidt and Windom Area Schools Superintendent Wayne Wormstadt were among those in attendance. Wormstadt said the exodus of staff from the center needed to be explained. Comeau attributed the

exodus to a rise in telemedicine that allows clinicians to work from home and make more money elsewhere at remote jobs and due to the center's push to achieve a new designation under state law that requires clinicians to see more patients and have shorter sessions.

"To be a viable mental health center, you need that designation and, as part of that, you're required to see a larger number of clients," Comeau said.

The Johnsons and Wormstadt said the public should be able to see more data to verify the reasons why

clinicians have left, the financial justification for the closures and whether changes to staff compensation had anything to do with the loss of clinicians.

"I think that it might be important to audit this information, because it looks like compensation for the staff was changed," Wormstadt said. "When you have someone in crisis, you need someone there in person."

DVHHS board member Scott McClure, who also serves as a Jackson County commissioner, said the center has faced staffing issues before Comeau began his tenure last year and that the current board has never seen it fully staffed, regardless of management practices.

"We can honestly say that we've never seen the Southwest Mental Health Center be full," he said. "That's been true as long as we've been here and under either director."

Card club maintains decades-long tradition

by JOSHUA SCHUETZ Staff Writer

On the last Monday of each month from May to September, the Jackson Golf Club finds itself packed to the brim with card players.

They're always sharing laughs, enjoying community, maintaining long-held friendships and building new ones.

Those card players belong to the Jackson Golf Club 500 League, which has kept the game of 500 alive and thriving in the city for decades.

To hear longtime members and scorekeepers Shirley Nosbusch and Carolvn Geerdes tell it. the group began in the late 1980s or early '90s as a way to bring neighbors together to play cards and visit. Over time, its member-

bringing together a bevy of people united by their love of cards and desire to make meaningful friendships.

ship grew,

'We're not exactly sure when it started," Nosbusch said. "We

> SPECIAL." **Carolyn Geerdes**

play cards, keep score for

the club and add the points

up at the end of the mara-

And what a marathon it is. The game is one tra-

ditionally played in partnership, meaning two players are pitted against another team of two players. Each team plays 20 games, 10 against one set of opponents and 10

other set. "We currently have 48 members, but during COVID, it fell to 40 and

against an-

we have had some people pass away," Nosbusch said. "We'd really like to get more members; it's not an

invitation-only thing at all and you don't have to be don't get see every day, a member of the golf club

to join us." What keeps the two ladies and the other club members coming back year after year, decade after decade? Part of it is a love of the

game, but

the bigger

draw is the chance to build friendships and catch up with different people from

around the county and city. "I love playing cards, but

the best thing about this club is that you get to see and be with people who you

OF FUN." **Shirley Nosbusch**

Jean Benda and Sharon Anderson,

ley Hakes and Elaine Anderson.

Like any community organization, the club has its own traditions. One especially beloved tradition is Treat Night, when members will bring snacks to share with others in the group. Some members bring different treats every year, while others have famous recipes that everyone looks forward to enjoying.

"We have a lot of people who bring the same good things every year and we really enjoy them," Nosbusch said. "It's just a lot of fun.

Anyone who wants to join the club can contact either Geerdes or Nosbusch and start coming to meetings. While this year's marathon might be over, there's always next spring, which promises to be as good as this one was for the club.

"We've got members from all around the community, and we even have a couple members from Iowa — one from Spirit Lake and one from Estherville," Nosbusch said. "The best part about this club is that you get to meet new people who you wouldn't get to meet otherwise, and it's just a lot of fun.
